CoolAlertID products offer peace of mind, whether you wear

them for your own safety, or feel the security of knowing that your loved one is wearing a wristband for Medical ID. CoolAlertID wristbands are embossed with the wearers' medical condition and the caduceus symbol on either side of the condition.

For children and teenagers who won't wear traditional Medical ID products, or are allergic to metal bracelets, CoolAlertID Wristbands are fabulous! Kids feel like they are wearing something COOL - and parents have the comfort of knowing that in an emergency the wristband provides pertinent medical information at a glance.

Diabetics of all ages love the fact that wristbands are popular, worn by many people, and don't attract unwanted attention during daily wear.
